**“And hold firmly to the rope of Allah all together and do not become divided”**

As the followers of Ahl-Al Bayt (peace be upon them) it is incumbent upon us to be aware of our surroundings and global affairs, especially ones that directly or indirectly affect us, our faith, and our peace and harmony. The enemies of Islam and of peace have always used the tool of ‘divide and rule’, as we have seen in another recent attempt at disrupting the harmony and love amongst Muslims by releasing a movie called ‘The Lady of Heaven’.

**Sayyeda Fatima Zahra (S.A.)**, the beloved daughter of **Prophet Muhammad (PBUH)** is a most esteemed and admired personality who is a role model for all Muslims. She is a source of unity and blessing for all Muslims. Making a movie in her name with intentions of creating friction amongst Muslims is highly condemnable.

The writer of this movie – Yasir Al Habib – is a well-known hatemonger. Our great maraaje’ and scholars had warned against the motives of this movie last year. We totally condemn this movie and consider it as an attempt to create division and hatred amongst the Muslim Ummah.

We urge all our Muslim community locally and everywhere to stay vigilant and to please not show any unwanted reaction that would fulfil the ill motives of this hatemonger writer and those who have funded him in carrying out this disruptive project.

We should convert this awareness as an opportunity to become even more united as one Ummah against any conspiracies or fitnah. We should stay together and condemn any acts of hate towards any community, like in recent events where slogans were chanted against Shia muslims.

Let’s all come together and stand hand-in-hand to create a society full of love and tranquility.

There is a saying from Imam Ali Ibn-i Abitaalib;

**“People are of two types, either they are your brother in faith or equal in humanity”**

May Allah bless our entire community, our lovely city and country.

Wassalam
